

Food safety has never been higher on the public's agenda. UK consumers spend a massive £219 billion a year on food and drink, while the overall sector employs 3.9 million. Around 95% of inspected businesses score a hygiene rating of three or above.

Make sure you're not one of the 5% who don't.

The Course

Ideal for anyone operating in a supervisory role, and provides more advanced knowledge and understanding of the subject.

Although it does not provide a qualification itself, the training meets all legal requirements and offers full compliance for supervisors within the food industry without the need to attend a 3-day course.

Along with its supporting PDF handbook, the e-learning provides the knowledge and understanding required to go on to achieve any level 3 food safety (RQF) qualification, whether in catering, manufacturing or retail, with an approved training provider.

Areas Covered

- Introduction to food safety
- Microbiology
- Contamination hazards and control
- Food poisoning
- Personal hygiene
- Design of food premises and equipment
- Cleaning and disinfection
- Pest control
- HACCP
- Control measures
- Supervisory management
- Food safety legislation and enforcement

Who is it aimed at?

Employees working in a supervisory role, including managers, supervisors and chefs.

It can also be used as part of the on-programme element of the new apprenticeship standards, and can support the knowledge, skills and behaviours apprentices need to effectively integrate into the workplace.
