

The HSE estimates that workplace injuries cost the UK economy over £15 billion per year. Official figures estimate the cost to business at £3.2 billion with individuals losing approximately £8.6 billion. Effective training can reduce the potential risk of harm occurring in the workplace, and save you money!

The Course

An ideal introduction to health and safety for anyone working in a low to medium risk environment. Although it does not provide a qualification itself, it does provide the knowledge and understanding required to go on to achieve a level 2 health and safety qualification.

The nine modules of this course covers the key content and knowledge required to go on to achieve a recognised level 2 health and safety qualification. To achieve a regulated qualification the learner must sit an assessment with a recognised training provider.

Areas Covered

- Accidents including slips, trips and falls
- Legal responsibilities
- Risk assessment
- Hazardous substances (COSHH)
- Workplace health, safety and welfare
- Work equipment
- Fire
- First aid
- Manual handling

Who is it aimed at?

Ideal for employee inductions or for anyone wishing to go on to achieve a level 2 health and safety qualification.

The course can also be used as part of the on-programme element of the new apprenticeship standards, supporting the knowledge, skills and behaviours apprentices need to effectively integrate into the workplace.
